EXOSOMES

The **V-Tech System** is the first advanced ultra-intensive cosmetic system with **PDRN**, **Synthetic Exosomes** and **Plant Stem Cells** - enriched with biomimetic peptides. The V-Tech System is the perfect kit for skin rejuvenation with visible results instantly.

WHY CHOOSE SYNTHETIC EXOSOMES?

- **High Safety Standard:** Synthetic exosomes offer no risk of disease transmission—a critical advantage over animal- or human-derived exosomes, which can carry viruses or other infectious agents.
- **Purity & Consistency:** Synthetic exosomes are precisely engineered for consistency and purity in every application, unlike natural exosomes that may vary due to donor variability.
- **Advanced Skin Rejuvenation:** They effectively stimulate collagen production, reduce inflammation, and enhance cellular regeneration, providing smoother, firmer, and more youthful skin.
- **Non-Invasive Solution:** Synthetic exosomes offer a safe, non-invasive treatment option that maximizes skin renewal and healing with minimized risks.
- **Reliable & Ethical:** Synthetic V-Tech exosomes are free from animal or human materials, making them a clean, ethical choice for aesthetic treatments.

BENEFITS:

- Increase in extracellular matrix proteins
- Increased cell regeneration
- Relaxing effect on skin lines and wrinkles

COMPOSITION:

V TECH SERUM – BIOLIFTING

- High molecular weight polynucleotide 2%
- Synthetic exosomes
- Oligopeptide-20
- Acetyl Decapeptide-3
- Vegetable Stem Cell

V TECH GEL MASK – BIOSTIMULATING & MOISTURIZING

EXOSOMES

**HYPERCONCENTRATED HYALURONIC ACID
SYNTHETIC EXOSOMES WITH BIOMIMETIC PEPTIDES
BIOACTIVE GROWTH FACTORS**

DEEP VOLUME RESTORATION & LONG-LASTING HYDRATION

Ultimate solution for deep tissue augmentation and wrinkle correction. This premium dermal filler is specifically designed to restore facial volume, contour, and hydration, making it perfect for addressing deep wrinkles, nasolabial folds, and overall facial rejuvenation.

Formulated with high-quality cross-linked hyaluronic acid (HA), Skinfill Blue provides superior hydration while stimulating collagen production to maintain youthful elasticity and smoothness. Its thick, cohesive gel texture allows for precision in deeper tissue layers, delivering natural, long-lasting results without compromising safety or patient comfort.

BENEFITS:

Deep Tissue Augmentation: Ideal for restoring facial volume in areas like the cheeks, chin, and jawline.

Wrinkle Correction: Effectively reduces deep wrinkles and nasolabial folds, offering a smoother and more youthful appearance.

Hydration & Elasticity: Hyaluronic acid promotes natural skin hydration, improving elasticity and skin tone over time.

Long-Lasting Results: Results last for months, providing patients with sustainable, noticeable improvements.

Safe & Reliable: Manufactured under the highest safety standards by PROMOITALIA, ensuring quality and reliability.

COMPOSITION:

- Hyperconcentrated hyaluronic acid - 70mg in 2ml
- Synthetic exosomes
- Biomimetic peptides
- Bioactive growth factors

FILLERS

SKINFILL - HYALURONIC ACID WITH COESIX TECHNOLOGY

Promoitalia's Skinfill Plus range is composed of three reabsorbable cross-linked hyaluronic acid-based gels highly indicated for filling the intradermal spaces and the intercellular matrix, thus making tissues firmer. The reticulation of the hyaluronic acid contained in the products makes the filler effect more stable and lasting over time.

These sterile, injectable, non-pyrogenic products made out of reticulated hyaluronic acid of non-animal origin are produced via bacterial fermentation.

Skinfill offers three exceptional hyaluronic acid-based fillers – Silver, Gold, and Diamond – each designed to target different aesthetic needs with the highest quality and precision. Here's why Skinfill's line of fillers stands out, and how each variant offers unique advantages:

SKINFILL SILVER: THE IDEAL CHOICE FOR SUBTLE ENHANCEMENT

Best for: Soft tissue volume restoration, minor wrinkle correction, and facial hydration.

Why It's Amazing: Skinfill Silver is designed for those seeking natural, subtle results. It provides the perfect solution for fine lines, mild nasolabial folds, and hydrating the skin.

Key Benefits: Soft and smooth texture ideal for delicate areas • Adds natural volume and hydration without overfilling • Safe for a variety of skin types with immediate results • Perfect for patients looking for gentle rejuvenation and a fresh, natural look.

SKINFILL GOLD: THE PERFECT BALANCE OF VOLUME AND DEFINITION

Best for: Moderate wrinkle treatment, contouring, and restoring volume to cheeks, jawline, and lips.

Why It's Amazing: Skinfill Gold offers the perfect balance between lifting and volume. It's ideal for patients who want natural yet defined features like enhanced cheekbones, defined jawlines, and a more youthful appearance.

Key Benefits: Provides a smooth, sculpted effect while enhancing facial structure • Long-lasting results, with a natural finish that avoids the overfilled look • Ideal for moderate wrinkles and areas needing volume restoration • Offers deep hydration, improving skin texture and elasticity over time.

SKINFILL DIAMOND: THE ULTIMATE LUXURY FOR MAXIMUM LIFTING AND CONTOURING

Best for: Advanced volume restoration, deep wrinkle reduction, and lifting sagging skin on the face and neck.

Why It's Amazing: Skinfill Diamond is the premium choice for those who want high-definition contouring and noticeable lifting effects. It is specifically designed to tackle more severe aging signs, such as deep wrinkles, sagging skin, and volume loss.

Key Benefits: High viscosity formula provides significant lifting and contouring, especially in challenging areas like the cheeks, jawline, and neck • Long-lasting with instant volumizing results that restore youthful structure and definition • No risk of overcorrection due to the precision of application • Perfect for more dramatic results without compromising on safety or natural appearance.

FILLERS

DEFINITION AND SUPERHYDRATION

THE ULTIMATE HYALURONIC ACID FOR NATURALLY BEAUTIFUL LIPS

A perfect symphony between vitamin B12 and HA for lips

Skinfill Bacio is specially formulated to deliver high hydration and definition to the lips without adding unnecessary volume, making it the ideal choice for those seeking naturally enhanced lips without the exaggerated look. Here's why Skinfill Bacio is the best hyaluronic acid for lips and why it stands apart from standard fillers:

BENEFITS:

1. High Hydration Without Volume:

- Skinfill Bacio's lightweight hyaluronic acid formulation is designed to deeply hydrate the lips, giving them a soft, plump feel without adding extra bulk.
- Unlike traditional fillers, which can create an unnatural volume, Skinfill Bacio prioritizes moisture retention, resulting in lips that look healthy, supple, and naturally full.

2. Perfect Lip Definition:

- This formula enhances the natural shape and contour of the lips, adding subtle definition and smoothness, which helps accentuate your lips' natural beauty.
- The fine, precise texture of Skinfill Bacio allows for a refined, well-defined look rather than the inflated appearance of overfilled lips.

3. Infused with Vitamin B12:

- Vitamin B12 is known for its nourishing and revitalizing properties, helping to keep lips healthy and vibrant.
- It promotes cell regeneration and circulation, resulting in lips that not only look hydrated but also have a natural, healthy color and appearance.

4. Focus on Natural Beauty:

- Skinfill Bacio embraces the trend of natural beauty by enhancing lips without creating an artificial or "done" look.
- Its subtle, hydrating effect supports a fresh, youthful appearance that enhances your features rather than overwhelming them.

COMPOSITION:

- Hyaluronic acid
- Vitamin B12

Each box includes:

- 2 pre-filled syringes with 2,5ml of cross-linked hyaluronic acid gel

BIOSTIMULATORS

RICH PL

- READY TO USE
- ELIMINATE WRINKLES
- RESTORES VOLUME
- BOOST CELL REPRODUCTION
- SELF-CONFIDENCE BUILDER
- STABILISED IN A HYALURONIC ACID MATRIX

RICH PL IS THE FIRST POLYLACTIC ACID IN A LIQUID FORM + HA

Rich PL is the first solution based on free Hyaluronic Acid and Polylactic Acid in liquid solution ready to use. The ready-to-use solution moisturizes, restores volumes, and stimulates cell reproduction, activating skin fibroblasts and at the same time giving a strong immediate volumizing effect. It is the perfect solution to correct skin imperfections such as wrinkles and loss of volume.

**The matrix of HA protects the polymeric fractions of Polylactic.
In this way, the PLA polymers are able to remain active for a long time.**

A ready-to-use solution, with a double function: eliminate wrinkles and restore volumes and at the same time stimulate and reprogram cell reproduction Rich PL can be applied using either the dermapen or a derma roller. The intensity of the treatment, the depth of the needles, must be calibrated according to the type of skin and the characteristics of the patient.

BENEFITS:

- Deep Tissue Augmentation:** Ideal for restoring volume in areas like the cheeks, chin, and jawline.
- Wrinkle Correction:** Effectively reduces deep wrinkles and nasolabial folds, offering a smoother and more youthful appearance.
- Long-Lasting Results:** Results last for months, providing patients with sustainable, noticeable improvements.
- Safe & Reliable:** Manufactured under the highest safety standards by PROMOITALIA, ensuring quality and reliability.

COMPOSITION:

- Hyaluronic Acid
- Polylactic Acid

SKINCARE

ALOE ROYAL

FRAGRANCE-FREE - OR - ALOE VERA SCENT

NON-IRRITANT

BODY OIL CONTAINING
ALOE, VITAMIN E & ORGANIC OILS

A REVOLUTION IN SKINCARE

NATURAL • VEGAN • HEALTHY BEAUTY

This luxurious body oil combines the pure essence of aloe and vitamin E, blended with a medley of organic oils: avocado, rice, sunflower, and almond. The result? A silky-smooth formula that nourishes and hydrates your skin like never before.

What Makes Aloe Royal Special?

- Completely Organic: Made with care for your skin and the planet.
- Non-Irritant: Perfect for even the most sensitive skin.
- Pure and Unscented: No overpowering fragrance—just natural goodness.
- Smooth Perfection: Absorbs effortlessly, leaving your skin feeling soft, hydrated, and radiant.

Whether you're looking for daily hydration or a soothing treatment, Aloe Royal is your go-to solution for flawless, healthy skin.

BENEFITS:

ALOE VERA oil is suitable for any type of massage, from sports to relaxing, as well as for treatments that reduce stress and fatigue. Proper absorption and optimal glide help to perform the massage correctly. Additionally, the skin is nourished with aloe ingredients and vitamin E, which have a great effect on the condition of the skin, caring for it, moisturizing it and having a soothing effect. Avocado, rice, almond and sunflower oils provide the appropriate lipids that are part of the natural hydrolipid coat. ALOE VERA oil is also recommended for use on the skin during daily care, especially after bathing or sunbathing (drying factors). The oil is odorless, so as not to cause irritation on the skin, especially sensitive or allergic skin.

The product has been dermatologically tested and is non-irritating.

COMPOSITION - 99% OF NATURAL INGREDIENTS

- Helianthus Annuus Seed Oil, Oryza Sativa Bran Oil, Persea Gratissima Oil, Prunus Amygdalus Dulcis Oil, Octyldodecanol, Caprylic/Capric Triglyceride, Tocopheryl Acetate, Aloe Barbadensis Leaf Extract, Tocopherol, Lecithin, Ascorbyl Palmitate, Glyceryl Stearate, Glyceryl Oleate, Citric Acid, Parfum, Hexamethylindanopyran, Terpeneol, Linalyl Acetate.
